Shopee Rai Lokal perkasa penjual e-dagang tempatan

Kuala Lumpur: Shopee mengukuhkan komitmennya untuk menyokong penjual e-dagang tempatan melalui inisiatif khas Shopee Rai Lokal yang seiring dengan Kempen Beli Barangan Malaysia (KBBM) anjuran Kementerian Perdagangan Dalam Negeri dan Kos Sara Hidup (KPDN).

Acara yang diadakan di program Madani Rakyat 2024 Sayangi Sabah di Kota Kinabalu, Sabah itu antara lain menonjolkan usaha berterusan Shopee bersama KPDN untuk mendigitalkan perniagaan, meningkatkan akses dan keterangkuman perkhidmatan digital, serta memperkasa komuniti tempatan.

Ketua Komunikasi Kerajaan dan Perhubungan Awam di Shopee Malaysia, Nadia Anwar berkata, Shopee melihat komuniti tempatan sebagai tulang belakang dan pihaknya terus memperkasakan mereka untuk berjaya dalam era digital dengan inisiatif-inisiatif dalam dan luar talian.

"Shopee Rai Lokal ialah sebuah program yang dekat di hati kami. Kami komited untuk memperkasa penjual tempatan dan membantu mereka berjaya dalam pasaran digital yang kompetitif.

"Di Sabah saja, Shopee menyokong hampir 100,000 penjual tempatan. Terdapat jenama dari Sabah yang bukan saja telah berjaya di negeri ini, tetapi juga adalah antara peniagaan Sabah cemerlang pada kempen Shopee 10.10 Festival Jenama baru-baru ini," katanya dalam kenyataan.

Menurutnya, pada 2024, Shopee Rai Lokal telah meningkatkan keterlihatan lebih daripada 1,000 perusahaan mikro, kecil dan sederhana (PMKS) tempatan dengan mengetengahkan mereka di web mikro 'Shopee Rai Lokal' khas, memudahkan pengguna untuk menemui dan menyokong penjual dari seluruh Malaysia.

包裝食用油賣光？

原來偷囤通通充公

（八打灵再也27日讯）商家谎称包装食用油已卖光，结果执法员检查时，发现仓库私藏市值约2524令吉50仙的935公斤食用油，最终通通被充公。

国内贸易及生活费部联邦直辖区吉隆坡分局日前在官网接获消费者的投诉后，联合马六甲国内贸易及生活费部到蕉赖皇后镇（Bandar Sri Permaisuri），皇后路的商店展开“便衣行动（OPS SAMAR）”以测试购买食用油。

“试购时，销售员告知食用油已售完，由于对销售员给出的理由表示怀疑和不满，之后身穿制服的官员及执法员进入该场所进行彻底检查并与一名自称是主管的男子碰面，结果发现仓库内存放着数十箱包装食用油。”

当局指出，该案将引用1961年供应法令16A(1)(b)条文（拒绝出售统制品）进行调查，一旦罪成，个人将面对罚款不超过100万令吉或监禁不超过3年或两者兼施，若是公司将面对罚款不超过200万令吉。

民众若有投诉或情报提供，可通过投诉官网（https://eaduan.kpdn.gov.my）、热线（1800-886-800）、电邮（e-aduan@kpdn.gov.my）、手机应用程式（Ez ADU KPDN）、执法部（03-8882 6088/6245）或WhatsApp（019-279 4317）方式来联络该部。

SSM National Conference 2024 Highlights Enhancing Transparency, Building Resilience for Robust Corporate Growth

SSMNC2024: Shaping the Future of Corporate Governance through Transparency and Resilience

SURUHANJAYA SYARIKAT MALAYSIA
COMPANIES COMMISSION OF MALAYSIA

In today's ever changing global economy, the demand for corporate transparency and the necessity of business resilience have never been more pressing.

Understanding the gravity of these obligations, the Companies Commission of Malaysia (SSM) recently organised its 13th National Conference (SSMNC2024) with the apt theme of "Enhancing Corporate Transparency. Building Resilience".

"Last year, we set a record with over 3,000 participants, signifying the conference's growing importance in shaping the corporate landscape.

This year, we yet again reaffirmed the success with the participation of over 3,000 delegates"

Ahmad Sabki Yusof
SSM Chairman

Designed to be a dynamic platform, the conference aimed to deepen the understanding of board members and corporate professionals on strategies to bolster resilience and enhance corporate transparency. It addressed the current challenges and opportunities in today's rapidly evolving business environment.

This two-day virtual conference, held from 27 August until 28 August 2024, was officially launched by the Domestic Trade and Cost of Living (KPDN) Minister Datuk Armizan Mohd Ali.

The conference saw the participation of distinguished local and international corporate leaders including representatives from the Corporate Registers Forum members in Singapore, Hong Kong, Tunisia, the Republic of Kiribati and South Africa.

SSM Chairman Ahmad Sabki Yusof in his welcome address, shared that over the years, nearly 10,000 delegates have benefited from the opportunities to learn, network and grow from the SSM National Conference.

"Transparency is a powerful magnet for investment. Thus, the increasing demand for corporate accountability is propelling Malaysian businesses towards greater transparency, driven by regulatory mandates and the growing awareness of its strategic value"

YB Datuk Armizan Mohd Ali
Domestic Trade and Cost of Living Minister

"Last year, we set a record with over 3,000 participants, signifying the conference's growing importance in shaping the corporate landscape.

"This year, we yet again reaffirmed the success with the participation of over 3,000 delegates," he announced.

Meanwhile, in his opening speech, Datuk Armizan emphasised that the conference theme profoundly aligns with current times, where transparency transcends its role as a mere compliance requirement, evolving into a critical strategic imperative.

"In an era marked by evolving operational demands, transparency goes beyond compliance. It establishes a strong foundation for ethical conduct and accountability. By prioritising transparency, businesses can better manage risks, foster robust relationships with stakeholders and set themselves as embodiments of good governance that will entail sustainability"

Datuk Nor Azimah Abdul Aziz
SSM Chief Executive Officer

"Malaysia, under the stewardship of Prime Minister Datuk Seri Anwar Ibrahim, introduced the Malaysia MADANI concept that emphasises inclusivity, integrity, and accountability at its core — values that are essential to corporate transparency.

"Transparency is a powerful magnet for investment. Thus, the increasing demand for corporate accountability is propelling Malaysian businesses towards greater transparency, driven by regulatory mandates and the growing awareness of its strategic value," he said.

Reinforcing the same opinion, SSM Chief Executive Officer Datuk Nor Azimah Abdul Aziz in her address on the conference theme, said "Enhancing Corporate Transparency. Building Resilience." was chosen to reflect the multifaceted challenges and opportunities in today's rapidly evolving business landscape.

"In an era marked by evolving operational demands, transparency goes beyond compliance. It establishes a strong foundation for ethical conduct and accountability. By prioritising transparency, businesses can better manage risks, foster robust relationships with stakeholders and set themselves as embodiments of good governance that will entail sustainability.

"Meanwhile, building resilience is an essential element in today's dynamic business environment. Organisations must be agile in responding to unexpected challenges and be ever prepared in implementing adaptable strategies and if the need arises, to put in place an effective rehabilitation plan which are key to thrive and survive in times of uncertainty," she said.

This year's conference featured 11 plenary sessions with 39 distinguished speakers and 15 virtual exhibitors.

Participants of the conference also received 16 Continuing Professional Education (CPE) Points.

Among the key discussion topic that became a focal point in SSMNC2024 was the recent amendment to the Companies Act 2016 through Companies (Amendment) Act 2024.

Companies (Amendment) Act 2024: Unmasking Control. Beneficial Ownership Transparency and Implementation

PLENARY 1

Moderator: **Nadia S Hassan**, Broadcast Journalist
Speaker: **Norhaiza Jemon**, Director, Corporate Compliance Division, Suruhanjaya Syarikat Malaysia

With the enforcement of the new beneficial ownership (BO) provisions under the Companies (Amendment) Act 2024, companies were given until 30 September 2024 to lodge the latest BO information through the Electronic Beneficial Ownership System (e-BOS).

The amendments seek to enhance corporate transparency regarding BO reporting, support enforcement activities against money laundering, terrorist financing, corruption, and other serious crimes, and support the Financial Action Task Force (FATF)/ the Organisation for Economic Co-operation and Development (OECD) evaluations on Malaysia in 2024/2025.

Plenary 1's fireside chat with SSM Corporate Compliance Division Director Norhaiza Jemon, discussed this at length, focusing on the key changes to the BO reporting requirements.

Moderated by broadcast journalist Nadia S Hassan, the session highlighted the evolving expectations for companies, emphasising the importance of adapting to new regulatory standards to ensure transparency. These updates are poised to increase corporate accountability and companies are advised to closely monitor these developments to ensure full compliance with the latest reporting obligations. The conversation underscored that proactive compliance will not only mitigate risks but also bolster trust with stakeholders.

Norhaiza explained that through the BO provisions in the act, SSM aims to ensure that anyone wanting to do business in Malaysia must disclose the persons behind their operations. She emphasised that transparency is crucial in maintaining the integrity of the business environment.

"If you do not have any criminal intent, there is no reason to avoid disclosure," she said.

Norhaiza also highlighted that with the advent of technology, companies can now be set up from anywhere, which presents opportunities for unscrupulous parties to exploit the system for activities like money laundering. She stressed that Malaysia cannot afford to have its business environment associated with criminal activities.

While she acknowledged that the enhanced BO reporting requirements may impose an additional burden on businesses, she emphasised that this is a global standard, not just limited to Malaysia.

"You have to accept that if you do business, transparency must be accounted for as well," she noted.

As of 30 September 2024, 575,082 out of 683,580 active companies in SSM's registry, have complied with the requirement to lodge beneficial ownership information with a 84.13% compliance rate.

SSM has issued a Practice Directive titled "Lodgement Of Beneficial Ownership Information Under The Companies Act 2016 Through e-BOS" to provide the procedures for the lodgement of beneficial ownership information pursuant to subsection 60B(7) of the Companies Act 2016 and related matters. The Practice Directive could be accessed at SSM's official portal, www.ssm.com.my.

Companies (Amendment) Act 2024: Enhancing Corporate Governance

As part of continuous effort to ensure high levels of governance among companies are maintained, improvements to several provisions in the Companies Act 2016 are made towards promoting compliance and facilitating the ease of business through the Companies (Amendment) Act 2024.

Plenary 2's fireside chat with SSM Regulatory Development & Services Division Senior Manager Yap Weng Seong, delved into these amendments in greater detail, particularly on Cluster Policy 4 focuses on enhancing corporate governance and practices.

Among the main amendments that was elaborated in the session was the utilisation of SSM's official website for the publication of information and gazettes, replacing the legislative requirement for addressing practical issues in light of the reduced circulation of physical newspapers throughout Malaysia.

Yap explained that in Malaysia, the cost of advertising continues to rise each year, whether through online platforms or traditional print media. He also said that newspaper circulation is gradually declining as more people transition to online sources for news and information.

"Thus, we wanted to support the corporate community by establishing a dedicated platform. Simultaneously, this platform will function as a central point of reference."

He added that through the SSM website, users can access advertisements in Bahasa Malaysia and English on a single platform, making it convenient for corporate entities and individuals alike.

Moreover, Yap said users could also download and purchase advertisements directly from the platform, streamlining the process and offering greater accessibility to companies across Malaysia.

Companies (Amendment) Act 2024: Strengthening Corporate Rehabilitation Framework

PLENARY 3

Moderator: **Norhaslinda Salleh**, Director, Regulatory Development & Services Division, Suruhanjaya Syarikat Malaysia
Panellists: **Darius Tay**, Director, BlackOak LLC, Singapore; **Lee Shih**, Managing Partner, Lim Chee Wee Partnership; **Victor Saw**, Head of Business Restructuring Services, PwC Malaysia

This session focused on strengthening the restructuring and corporate rescue provisions of the Companies Act 2016 while navigating the new restructuring landscape.

SSM Regulatory Development & Services Division Director Norhaslinda Salleh who moderated the session explained that among the highlights of the amendment is on expanding the application of corporate rescue mechanisms, such as Corporate Voluntary Arrangements (CVA) and Judicial Management (JM).

"CVA is an arrangement with creditors without the intervention of the court. Court intervention under CVA is very minimal which is only to the extent of lodging the paper. The stack of papers to court which will trigger the moratorium of CVA. It's less formal and the moratorium period given to the company undergoing CVA is actually shorter.

"SSM has taken the initiative to widen the scope of CVA under the Companies Act to be extended to all companies regardless of whether the company has security interests over its assets or otherwise," she said.

Meanwhile, she said SSM has also widened the scope of application of JM through the amendment.

"JM is a more formal rescue mechanism where company or creditor may apply to Court for the appointment of a JM. Once you apply for a moratorium application to place a company under JM, companies are given an interim moratorium of about 60 days as per our company's CRM rules.

"Once a company is approved to be under JM, a period of six months will be accorded to them. That period of moratorium can be extended to a further period as the court demonstrates.

"Amendment was done to section 403, the application is now extended to all companies including public listed companies," she said.

She also shared the rationale behind strengthening the Scheme of Arrangement or Compromise (SOAC) which is used to restructure a company to make it more viable, so that it can stay afloat for the purpose of entering a compromise scheme with its creditors.

She added that since the directors and management of the company still have full control over the company, rehabilitation plan under SOAC have a better prospect to successfully turn the company around.

Norhaslinda highlighted the enhancements to the Act, noting that amendments were made to Section 367 and new provisions were introduced, including Sections 368(1A), 368B, and 368D to strengthen the SOAC framework by providing clarifications relating to moratorium, the role of insolvency practitioners, rescue financing as well as cram down.

The session was also joined by panelists Singapore BlackOak LLC Director Darius Tay, Lim Chee Wee Partnership Managing Partner Lee Shih and PwC Malaysia Head of Business Restructuring Services Victor Saw.

SSM Talks

PLENARY 11

Moderator: **Muhamad Faris Othman**, Director, Registration Services Division, Suruhanjaya Syarikat Malaysia
Panellists: **Yap Weng Seong**, Senior Manager, Regulatory Development & Services Division, Suruhanjaya Syarikat Malaysia; **Maznita Abdul Majid**, Senior Manager, Registration Services Division, Suruhanjaya Syarikat Malaysia; **Alfah Abdullah**, Senior Manager, Marketing & Business Development Division, Suruhanjaya Syarikat Malaysia; **Mohamad Zainal Abidin Ahmad**, Manager, Regulatory Development & Services Division, Suruhanjaya Syarikat Malaysia

The final plenary session, which was moderated by SSM Registration Services Division Director Muhamad Faris Othman, centred around SSM's ongoing efforts in introducing enhanced initiatives aimed at improving corporate governance, regulatory compliance and business facilitation.

The session was kicked off with discussion on the Audit Exemption Criteria For Private Companies In Malaysia with Yap.

He said in 2017, SSM introduced the audit exemption criteria to reduce the financial burdens faced by micro and small companies as well as the time cost of having their accounts audited.

He explained that based on the Report on the Observance of Standards and Codes in Malaysia - Auditing and Accounting" (ROSC) published by the World Bank in 2012, it was reported that the demand for statutory audits is significantly high compared to the number of qualified auditors in Malaysia.

He added that the report also touched on the size of the capital market and number of companies that need to be audited where there are not many licensed auditors in Malaysia.

"Independence requirements for auditors do not effectively restrict or limit the provision of a range of non-audit services to clients, and there was little oversight of quality of audit carried out or independence of auditors.

This is reflected in the number of active companies as at 31 December 2023 which is 666,767 companies compared to 1,919 of active approved auditors registered in Malaysia. This means the average "auditor to company" ratio is one auditor to 347 companies. It may place a strain on the auditors and his resources to meet tight deadlines which will impact the efficiency of his auditing services as well as the quality of audit."

He stated that the implementation of audit exemption for non-public interest entities will help improve the "auditor to company" ratio, thereby enhancing the overall quality of audits and annual reports in Malaysia.

"The aim of introducing audit exemption is to reduce the financial burdens faced by micro and small companies as well as the time cost of having their accounts audited.

"The policy is also aimed at reducing the cost of doing business as a whole and to share the progression of qualifying criteria threshold on audit exemption for private companies based on the current corporate practice and trends and the proposed changes in the Consultative Documents dated 7 February 2024," he explained.

Among the other highlighted initiatives was the enhancement to the Malaysian Business Reporting System (MBRS). SSM Registration Services Division Senior Manager, Maznita Abdul Majid, briefed delegates on the enhancements to the system, which would benefit the corporate community. One key update is the introduction of a new 'envelope' icon, centralising all reporting activities. Maznita said this feature will streamline processes, allowing users to retrieve reports more efficiently and is expected to significantly reduce the volume of inquiries and calls to SSM.

Following Maznita's session, SSM Regulatory Development & Services Division Manager Mohamad Zainal Abidin Ahmad updated the delegates about the Limited Liability Partnership (Amendment) Bill 2024 which was passed in Dewan Negara on 31 July 2024.

According to Mohamad Zainal Abidin, the Bill serves two key objectives which are to bolster economic growth and enhance national well-being, while also promoting transparency in corporate governance.

"A Limited Liability Partnership is an alternative business form in Malaysia that combines features of a company and a partnership. It provides limited liability to its partners.

"The Limited Liability Partnership (Amendment) Bill 2024 encompasses 13 clauses relating to three policy clusters," he said, adding that the Bill is currently awaiting Royal Assent.

Mohamad Zainal Abidin also explained the rationale of introducing BO framework into the Limited Liability Partnership (Amendment) Bill.

"As we are aware, the Companies (Amendment) Act 2024 has been passed in Parliament last year and enforced on 1 April 2024. Among the amendment are those related to BO.

"The Beneficial Ownership framework introduced under the Limited Liability Partnership (Amendment) Bill will be in line with the international standard set by the FATF and the OECD, so that when Malaysia is evaluated at a later date, the entities similar to companies in the form of LLP will also be subject to the same regulations and policies," he said.

The session was wrapped up by SSM Marketing & Business Development Division Senior Manager Alfah Abdullah who deliberated. SSM's revamped customer service center, SSM Customer Care (SSMCC).

"The primary objective of establishing SSMCC was to ensure that customers' complaints and inquiries are addressed in an integrated, centralised system and to improve the quality of SSM's customer service experience," she said.

Alfah said SSMCC currently offers customers varied support channels including Webform, Knowledge Hub, Chatbot and Live chat.

For further inquiries, please contact SSMCC at the Complaints & Feedback section, SSM Chatbot and SSM Live Chat accessible through the official SSM portal, call 03-7721 4000, or email to enquiry@ssm.com.my.

Bimbang warga asing bermaharajalela

Penduduk risau berdepan risiko jenayah akibat kebanjiran kumpulan berkenaan

Oleh MUHAMMAD AFHAM RAMLI & AHMAD ISMADI ISMAIL
AMPANG

FOTO: MOHD HALIM ABDUL WAHID

Sekumpulan warga asing dilihat menjadikan kawasan tepi longkang sebagai tempat berkumpul sehingga mengganggu ketenteraman awam.

Warga asing dilihat sesuka hati menjadikan taman permainan awam di flat Pandan Mewah sebagai tempat mereka berniaga.

Penduduk flat Pandan Mewah di sini meluahkan rasa bimbang dan kecewa apabila isu lambakan warga asing dipercayai tidak mempunyai dokumen sah selain pemegang kad Suruhanjaya Tinggi Pertubuhan Bangsa-Bangsa Bersatu (UNHCR) tidak dapat ditangani dengan berkesan.

Berikutan itu, wartawan *Sinar Harian* telah membuat tinjauan di kawasan penempatan itu bagi memastikan dakwaan terbabit.

LAPORAN MUKA DEPAN

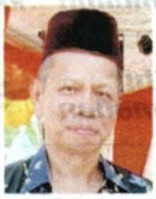
Tinjauan mendapati, penempatan itu merangkumi 12 blok selain terdapat beberapa premis perniagaan termasuk kedai makan, kedai runcit dan kedai cuci kenderaan.

Kawasan itu turut dilengkapi dengan padang permainan, namun tinjauan mendapati lokasi itu ibarat dikuasai 'orang luar' terutama pada waktu petang seawal jam 5 petang.

Ada yang berniaga pakaian, makanan dan peralatan dapur seperti pinggan, periuk dan mangkuk.

Mereka yang dipercayai tidak mempunyai dokumen sah perjalanan dilihat bebas bergerak selain bekerja di premis perniagaan selain menjual barangan di kaki lima yang mana rata-rata pembeli terdiri daripada orang mereka juga.

Warga tempatan yang melalui kawasan kedai mereka ibarat seperti berada di lokasi asing biar pun tempat itu berada di Ampang, Selangor, malah berhampiran dengan sebuah hospital kerajaan.



ABD HAFFIDZ

LAPORAN KHAS SIRI 1

Pengerusi Kawasan Rukun Tetangga (KRT) Taman Pandan Mewah, Abd Haffidz Md Noor mendakwa, warga tempatan di sini sudah biasa diganggu oleh warga asing kerana jumlah mereka lebih ramai.

"Warga asing di sini biasanya akan duduk berkumpul di simpang dan kedai makan terutama pada sebelah petang selepas pulang bekerja. Jumlahnya bertambah apabila hujung minggu.

"Kebahagiaan dan keharmonian masyarakat tempatan terganggu dengan kebanjiran warga asing," katanya ketika ditemui *Sinar Harian*.

Beliau berkata, berdasarkan bancian yang KRT lakukan di sini sebanyak 60 peratus penduduk adalah warga asing dari Myanmar, Pakistan, Indonesia, Bangladesh, Nepal.

Menurutnya, suasana kawasan di sini juga seolah-olah berada di luar negara.

Malah katanya, kes mabuk dan bergaduh itu sudah menjadi perkara biasa.

Tambah Abd Haffidz, antara kerisauan utama penduduk tempatan di sini ialah keselamatan anak-anak yang terdedah kepada risiko jenayah.

Ditanya berapakah harga bayaran sewa yang dibayar warga asing, beliau mendedahkan, kadar sewaan mencecah RM1,000 sebulan.

Ujarnya, warga asing ini akan berkongsi rumah secara beramai-ramai.

Jelasnya, nasib penduduk setempat terancam kerana keselesaan dan isu ini telah lama berlanjutan sejak 2009.

"Apa akan jadi dengan masa depan warga tempatan? Saya cadangkan untuk ditempatkan pusat operasi bersepadu membabitkan pihak polis, imigresen dan pihak berkuasa tempatan.

"Harap ada tindakan proaktif daripada kerajaan untuk tangani isu ini," katanya.

Selamba berniaga

Selain itu, terdapat beberapa premis runcit yang dipercayai diusahakan warga asing beroperasi tanpa mematuhi peraturan yang ditetapkan Kementerian Perdagangan Dalam Negeri dan Kos Sara Hidup (KPDN).

Tinjauan mendapati ada antara barang yang dijual seperti sayur dan ikan tidak diletakkan tanda harga.

Premis juga dijaga oleh warga asing dari Myanmar dan Bangladesh.

Ketika ditanya, mereka mendakwa hanya bekerja dan premis milik warga tempatan.

Premis-premis runcit itu turut menjual beberapa barangan bersubsidi seperti minyak masak peket serta gula pasir.
