Jualan Rahmah Madani, Jelajah Karnival KPDN to continue in '25

KUCHING: The Ministry of Domestic Trade and Cost of Living (KPDN) will continue its Program Jualan Rahmah Madani (PJRM) and Jejalah Karnival KPDN next year, following strong public support and positive feedback.

In expressing his gratitude for the overwhelming response, minister Datuk Armizan Mohd Ali said as of yesterday, the programme recorded over 17,000 visitors during the events' Sarawak leg held in Matang here.

He pointed out that PJRM, which offers savings of 10 to 30 per cent lower than market prices, have been well-received by the public.

"We have proposed for Budget 2025 to maintain or even increase the allocation for this programme.

"Also, we will implement PJRM in selected markets, focusing on areas with rising prices, strategic locations, and good transport access," he told reporters after officiating the programme.

The Sarawak leg of the Jelajah Karnival KPDN marked its fourth stop as part of a six-stop event. It was previously held in Perlis, Kelantan and Perak, with future stops in Sabah and Melaka.

Armizan said the tour's main objective is to raise awareness on the ministry's services and functions, so as to enhance the public's understanding of its goals, while building trust between the state government and the people.

Held in connection with the 40th anniversary of the Buy Malaysian Goods Campaign, the event featured strategic collaboration with various government agencies, government-linked companies, non-governmental organisations, private sector entities, and stakeholders.

Iddas Frozen sasar tembusi pasaran luar negara

PETALING JAYA: Iddas Frozen, pengeluar kuih muih sejuk beku atas jenama Idda's Frozen dengan pensijilan halal dari Jabatan Kemajuan Islam Malaysia (Jakim) mensasarkan untuk menembusi pasaran antarabangsa menjelang tahun depan.

Pengasasnya, Hamidah Sulaiman, 50, berkata, antara pasaran sasaran mereka adalah negara-negara di Asia Tenggara seperti Brunei dan Singapura, namun tidak menolak peluang jika terdapat permintaan daripada negara-negara lain.

"Semasa Pameran Halal Antarabangsa Malaysia (MIHAS) 2024, kami mendapat respon yang baik daripada pembeli dari beberapa negara termasuk Mauritius dan United Kingdom (UK). Jika ada permintaan dalam kalangan negara ini, kami akan cuba untuk memenuhinya.

"Kami lihat ramai yang berminat kepada karipap pusing keluaran kami dan ada yang ingin bawa pergi ke Mauritius. Selain itu, roti canai sejuk beku kami juga mendapat permintaan yang baik," katanya kepada *Utusan Malaysia* di sini, baru-baru ini.

Sementara itu, Hamidah yang mendaftarkan syarikat secara rasmi dengan Suruhanjaya Syarikat Malaysia (SSM) pada 2012 dan pada mulanya beroperasi di rumah itu kini sudah mempunyai dua premis perniagaan yang menghasilkan kira-kira 10,000 kuih setiap hari.

Menurutnya, menyedari peluang pasaran yang lebih meluas yang ditawarkan dengan pensijilan halal, dia memilih untuk pindah ke premis perniagaan pertamanya di Gerik, Perak pada 2019 dengan sasaran untuk mendapatkan pensijilan halal.

"Pada 2019 itu kami membuat pengubahsuaian di premis tersebut dengan bimbingan dari Kementerian Kesihatan supaya mendapatkan pensijilan MeSTI yang diperoleh dalam masa tiga bulan.

"Bagaimanapun, pada 2020 berlaku pandemik Covid-19 dan melambatkan sedikit proses kami untuk mendapatkan pensijilan halal. Kami menerima pensijilan halal pada penghujung tahun 2020," ujarnya.

Tambahnya, pensijilan halal telah membantu Iddas Frozen untuk menembusi pasaran yang lebih luas termasuk pasar raya besar yang sangat menitik beratkan pensijilan tersebut apabila ingin dipasarkan di pasar raya mereka.

"Buat masa ini, kami sudah berada di beberapa pasar raya termasuk Jaya Grocer dan Lesong Mart. Pensijilan halal penting kerana bukan sahaja ia dapat meningkat keyakinan dan kepercayaan orang ramai terhadap produk itu, malah membuka peluang pasaran yang lebih meluas.

"Selain dapat memasuki pasar raya, ia juga memudahkan kami untuk memasuki pameran. Jualan juga meningkat dari dahulu sekitar RM4,000 hingga RM5,000 sebulan kepada RM40,000 hingga RM50,000 sebulan," ujarnya.

HAMIDAH Sulaiman mempromosikan produk Iddas Frozen di MIHAS 2024 di Kuala Lumpur baru-baru ini.

15PC OF ANNUAL EXPENDITURE

MyCC: ENDING BID-RIGGING COULD SAVE GOVT RM13.5B

Inefficiency will prevent govt from delivering on its promises, says CEO

SHAHRUL SHAHABUDIN
KUALA LUMPUR
shahrul.shahabudin@nst.com.my

ERADICATING bid-rigging practices could save the government up to 15 per cent on its annual expenditure, the Malaysia Competition Commission (MyCC) said.

Its chief executive officer, Iskandar Ismail, said cartels involved in bid-rigging sometimes offered prices lower than the estimated costs in government procurement, resulting in subpar services.

He said another common tactic among bid-rigging cartels was subcontracting government projects to other companies within their network, allowing them to reap the profits without performing any work.

The government, he said, would then have to bear additional financial costs if the projects were not up to standard or delayed.

According to MyCC's estimates, he said, a fair and transparent tender process, along with plugging leakages in public contracts, would help the government save up to 15 per cent on its annual expenditure.

Malaysia Competition Commission chief executive officer Iskandar Ismail says bid-rigging cartels usually subcontract government projects to other companies in their network.

In the 2024 Budget, the government allocated RM393.8 billion for public projects, including RM90 billion for development expenditure and RM2 billion in contingency savings.

A 15 per cent saving would amount to RM13.5 billion, which could facilitate the construction of 45,000 affordable housing units, each priced at RM300,000.

Iskandar said inefficiency and problems caused by bid-rigging would prevent the government from delivering on its promises, ultimately harming the ecosystem of related industries.

"For example, if a public hospital project is delayed due to an incompetent tender recipient benefiting from a bid-rigging arrangement, it would create a knock-on effect on existing hospitals due to increased demand from patients, leading to poorer service and inefficiency."

Since taking office in November 2022, Prime Minister Datuk Seri Anwar Ibrahim has been vocal in combating leakages in government procurement.

In January last year, he said the country could save up to RM10 billion from leakages within the government procurement system.

In July, ahead of the 2025 Budget, Anwar, who is finance minister, said he had not given up his fight against cartels and monopolies and had placed the issue at the top of his agenda.

In August, he called for better coordination among enforcement agencies to effectively tackle revenue leakage.

'Bid-rigging thrived due to ignorance, greed'

KUALA LUMPUR: Ignorance and greed among industry players before the introduction of the Competition Act 2010 had allowed a bid-rigging culture to take root in the country, the Malaysia Competition Commission (MyCC) said.

MyCC chief executive officer Iskandar Ismail said before 2012, despite existing legislation, including anti-corruption laws, the Penal Code and government circulars, bid-rigging cartels circumvented the rules to dominate and control certain markets, making it difficult for new players to enter.

He added that the complexity of the Competition Act made it challenging for civil servants and other stakeholders to grasp the problems caused by the practice during the act's early years.

"In a way, bid-rigging became a norm and somehow continued after the law was established.

"We want to ensure that true competition takes place. Imagine a 100m Olympic race where competitors agreed, 'this time you win, next time I'll win'. You would feel cheated and there would be no point in holding the open tender," Iskandar told the *New Straits Times*.

> *Imagine a 100m Olympic race where competitors agreed, 'this time you win, next time I'll win'. You would feel cheated and there would be no point in holding the open tender.*
>
> **ISKANDAR ISMAIL**
> Malaysia Competition Commission chief executive officer

Iskandar said before 2022, MyCC focused on educating public and civil servants about bid-rigging.

This effort, he said, had begun to bear fruit based on increasing support from civil servants, as well as ministries and agencies.

MyCC, he said, also provided insight to ministries and agencies to ensure that tender procurements addressed potential bid-rigging practices.

He said based on MyCC's observation, cartel involvement in bidding activities had decreased from an average of 50 companies in the past to 20 currently.

He attributed this to active enforcement of the law and other existing legislation, which ensured that cartel activities were constantly monitored.

In March, Deputy Domestic Trade and Cost of Living Minister Fuziah Salleh told the Dewan Rakyat that since MyCC's establishment in 2011, it had imposed financial penalties on more than 250 companies for cartel-related violations and abuse of dominant power amounting to more than RM500 million.

Since MyCC's establishment in 2011, it has imposed financial penalties on more than 250 companies for cartel-related violations and abuse of dominant power.

On Sept 5, MyCC fined seven companies RM446,092.95 for their involvement in bid-rigging related to a Defence Ministry tender worth RM20 million.

The agency was also investigating the involvement of 13 bid-rigging cartels in government tenders worth RM2.37 billion, covering 561 companies in various industries, including construction, transportation and pharmaceuticals.

Pemborong hantar stok kepada peniaga beli banyak

Pilih kasih jual minyak masak peket

Oleh MOHD. YUNUS YAKKUB

KLANG – Segelintir peruncit mendakwa pemborong minyak masak peket bersikap pilih kasih dalam penjualan bahan mentah itu, sekali gus menyebabkan mereka sering terputus bekalan.

Seorang peniaga, S. Thelagavevathi, 52, berkata, isu tersebut berlaku dalam penghantaran bekalan tersebut oleh pihak pemborong bagi sesuatu kawasan.

Katanya, ini terbukti apabila premisnya tidak menerima minyak masak peket itu, sedangkan kedai-kedai lain menerima tempahan pada hari sama.

"Bukan tidak mahu jual, tetapi minyak peket tiada. Kadangkala dua kotak diterima hanya mampu bertahan paling lama dua hari meskipun kita telah hadkan satu peket setiap pelanggan.

"Apabila kita sudah buat tempahan, terpaksa tunggu kadangkala sampai lima ke tujuh hari untuk dapat stok. Itu pun nasib sahaja kalau pemborong tidak pilih kasih," katanya kepada *Kosmo!* di sini baru-baru ini.

Kata wanita itu, penjualan minyak peket sebenarnya bukan bersifat untung, sebaliknya 'tanggungjawab sosial' agar pengguna mendapat alternatif bagi minyak botol.

"Saya sendiri terpaksa beli sekotak minyak peket RM48 yang berisi 17 peket. Sepeket saya kena jual RM2.50. Dalam kiraan mudah, saya sebenarnya rugi lebih RM5 untuk sekotak minyak ini," ujarnya.

Seorang pekerja kedai runcit dikenali Hambali, 30, pula memberitahu, budaya meletakkan syarat pembelian turut diterapkan dalam kalangan pemborong sendiri.

Dakwanya, ada segelintir pemborong menetapkan tahap-tahap hasil pembelian daripada mereka bagi mendapatkan bekalan minyak masak peket.

"Ada yang tetapkan pembelian RM200 ke atas bagi mendapatkan sekotak minyak masak peket.

"Itu pun kalau nasib dapat sebab minyak masak peket ini laku keras. Ia boleh diumpama 'penyeri' atau 'penarik' seseorang pelanggan ke sesebuah kedai runcit," katanya.

ISU kekurangan minyak masak peket masih membelenggu pengguna. – GAMBAR HIASAN
